

Meeting Summary: June 4th, 2025

Date: June 4th, 2025

Time: 19:00 - 20:40 (Pacific Time)

Attendees: Prof. Jan, Prof. Jaded, Prof. Zhang, Feng Gu

Topic: Overview of major work by Jian and guidance on Feng's current focus

Summary of Discussion

- Feng raised three questions regarding the dataset to use, the program proposal, and weekly report submissions.
- Prof. Jan introduced the major work conducted by Jian and himself through a slide presentation and outlined desired improvements to build upon that work.

Decisions Made

- Feng's primary task for now is conducting a background and application survey, rather than focusing on statistical method details.
- Feng will review the meeting recording and investigate the background and technical topics mentioned by Prof. Jan.
- Feng will also review Jian's dissertation and relevant papers cited in the presentation or mentioned during the meeting.

Action Items

- Feng will summarize the presentation in next week's report.
- Feng will begin collecting background and application materials and start drafting the introduction and literature review for the proposal.

Follow-Up

Tentative next meeting time: To be confirmed.

Supportive Materials

A recording of the meeting is available on Feng's local computer.
Jian's dissertation has been shared with Feng.
