

Meeting Summary of July 10th, 2025

Date: July 10th, 2025

Time: 19:00–20:00 PM(PCT)

Attendees: Prof. Jan, Prof.Jabed, Prof.Yue, and Feng

Topic: Feng's report about the current progress and setting the timeline for the thesis proposal denfense

Summary of Discussion

- Feng reported his practice work on the test dataset, including: data merging, geographical visualization, hierarchical clustering, and PQRM.
- Prof. Jabed suggested a timeline for Feng to submit the drafts of the proposal, and the day of the proposal denfense.
- Prof. Jan gave a presentation about the usage of the data in Jian's work.
- Prof. Jabed suggested Feng to put all relevant files and materials in an organized way, and to creat an online repository(like OneDrive or Google Drive ¹) to share the files with supervisors.

Decisions Made

- Feng will start to do some preliminary work on the true data set, and start writing the proposal template this week.
- The timeline that Feng is expected to finish the proposal denfense is set as follows:
 - July 17th: deadline to submit the template of the proposal.
 - July 24th: deadline to submit the first draft of the proposal.
 - July 31st: deadline to submit the final version of the proposal.
 - August 7th: proposal denfense, will be held via Zoom, and the specific time will be set later.

Action Items

- Feng will quickly walk through another paper about detecting breakpoints in ecological models, which is suggested by Prof. Jan on June 26th and try to test relevant ideas on the true dataset.
- Feng will start doing preliminary work on the true dataset(*stressor and response data*), writing the template of the proposal this week, and submit it by July 17th for next meeting.
- Feng will go to organize relevant files and share them through an online repository.
- Prof. Jan is preparing the last part of the data set for Feng, which is the *covariate environmental data*.

¹The way to access this repository and the contents of the files should be simple and clear for supervisors to access.

Follow-Up

Temporary meeting time: July 17th, 2025, 19:00–20:00 PM(PCT) via Zoom. / July 18th, 2025, 10:00–11:00 AM(CST).

Supportive materials

- A meeting recording was stored in Feng's laptop for reviewing.
- The first part of the true dataset has been shared with Feng via email, which includes the *stressor and response data* by Prof. Jan.
