Attendees: Prof.Jan, Prof.Jabed, Prof.Yue and Feng

Topic: Feng's report about the work done last week and proposal modification plan

Summary of Discussion

- Feng gave a short report about the work done last week, including the reading notes on the "Reference Condition" definition and methodology, and the reconstructed "Introduction" section of the proposal.
- Feng presented the modification plan for the proposal, contrasted the existing sections and the latest planned sections that would be revised or added.
- Feng gave a quick overview of the preliminary results and shared the code storage for this preliminary work and the general proposal structure with the GitHub repository.
- Feng and Prof. Jan discussed the data set, and the chemical data set is all Feng needs to complete the three data sets.
- Prof. Jabed suggested Feng to make the proposal more clear and understandable, and meanwhile keep the code in a reproducible way on GitHub.
- Prof. Yue suggested to make some sentences and paragraphs more concise and clear with shorter and concise structure.

Decisions Made

- The proposal content will be revised with clearer structure, and wording will be refined to enhance readability and clarity.
- The proposal structure will be modified to maintain consistency between subsections and provide clearer explanations in each subsection.
- The completion and defence of the proposal should be done in September, better around 25th but should not be later to October.

Action Items

- Feng will finish the rest part of weekly reports about 'Reference Condition' and submit it by Saturday.
- Feng will carefully review the proposal and modify the words and structure according the discussed plan, this modification is expected to be done around September 22th and the weekly progress will be reported in the weekly meeting in slide form.
