

Meeting Summaries of October 9th 2025

Date: October 9th, 2025

Time: 8:00–8:35 PM(PDT)

Attendees: Dr.Jan, Dr.Jabed and Feng

Topic: Feng's report about the third proposal and inquiry about next steps

Summary of Discussion

- Feng gave a brief summary of the major changes in the third proposal, showing how the content was revised on top of the second proposal. It comprises three steps: read the second proposal, identify writing problems, and revise the content accordingly.
- Feng talked about the pollution assessment method that was designed, asked the next step choice between developing this method further or sticking to the general project work.
- Dr. Jan suggested to send this third proposal to supervisors for comments and make changes based on later feedback.
- Feng inquired about the timeline to apply for the PhD program, Dr. Jan asked the topic/direction that Feng wants to pursue and Dr. Jabed suggested to check the timelines of different schools.

Decisions Made

- The third proposal needs some subtle modifications, and it can be sent to supervisors for comments.
- The pollution assessment method does not need to be developed further at this stage, it is better to focus on the general project work and later the method can be improved based on the project needs.

Action Items

- Feng will revise the subtle errors in the third proposal and send it for comments.
- Feng will prepare materials and check the timelines for PhD application this week.
