

Meeting Summaries of February 5

Date: February 5

Time: 14:30 - 14:50 PM (PDT)

Attendees: Dr. Javed, Dr. Yue and Feng

Topic: Discussion about Feng's progress and next steps over the thesis, the decision making over the PhD offer of U of Alberta

Summary of Discussion

- Feng shared the good news about the PhD offer of U of Alberta, Dr. Andrew would be Feng's supervisor if Feng accepts the offer. The study directions might be around the **matrix decomposition, tensor and machine learning**.
- Dr. Javed and Dr. Yue congratulated Feng for the offer, and thought it is a good place for Feng to do the study. Dr. Javed helped Feng check the funding situation of the offer and suggested some possible connections that Feng may explore during the study at U of Alberta.
- Dr. Javed reminded Feng to prepare the **CSSC** with the submission deadline of **February 20**, and Feng should submit it 3 days earlier and send to supervisors for review before the submission.
- Dr. Javed reminded Feng to prepare the **publications** that are expected to be derived from Feng's thesis work, the publications are wished to be submitted for review in this **summer** before Feng starts the first semester.
- Feng shared the progress over the thesis, the new chemical data has been organized and merged into the prior data in a consistent way. Now there are **233** sites with full data for the SCDRS case, **78** sites of 1991 survey are expected to be added to hold the final complete data as Jian's original data.

Action Items

- Feng will accept the PhD offer by this week, and will start the study at U of Alberta in September 2026.
- Feng will prepare the submission materials for CSSC (submission deadline February 20), will first send the draft to supervisors and then submit it by February 17.
- Feng will speed up his work **this weekend** to prepare for the meeting with Prof. Jan **this Monday**, preparing the list of questions and marks for this in-person discussion.

Follow-Up

Next meeting time: Feb 9 - Feb 10, most time of these two days is fine.

Supportive materials

- No meeting recording this time.
